

Alyssa

I am an emergency medicine physician and take great pride in caring for my patients. I go to great lengths to always treat people with empathy and respect.

I love to spend time with my son and dog, going on a new adventure or just spending quality time at home.

The lake is my favorite place and we try to visit often!

Hello,

How do you put into words what an incredible miracle adoption is? I had the amazing opportunity to adopt my son last year. It was the greatest day of my life and I am truly blessed that he was brought into my life.

I grew up as an only child and always wanted to have a big family growing up. After my son was born, I knew instantly I wanted to adopt again. I spent an amazing year with my son and am ready to welcome a new little miracle into our world!

I can't imagine the emotions that you must be feeling when deciding on an adoption plan for your baby, but let me tell you how grateful I am that your courageous choice has led you to me.

I wish that I could say all the right things to make this decision easier but I know that's impossible. I can, however, promise you that this child will be loved and cherished by me each and every day. I can assure you they will know how much you love them and what a courageous decision you made.

I promise to give them every possible opportunity so they can flourish in this crazy big world. I found this quote one day and the words really moved me, this is truly my wish for my children “Laughter to kiss your lips, Beauty for your eyes to see, Sunsets to warm your heart, Rainbows to follow the clouds, Smiles when sadness intrudes, Hugs when spirits sag, Comfort on difficult days, Faith so that you can believe, Confidence for when you doubt, Courage to know yourself, Love to complete your life.” I will do my best everyday to make sure these come true.

I hope that my book will give you a better idea of who I am. My love for my family, friends and the water! I have faith that you will make the right decision and I pray that I can be a part of it. Please know that no matter your choice I think what you're doing is incredible.

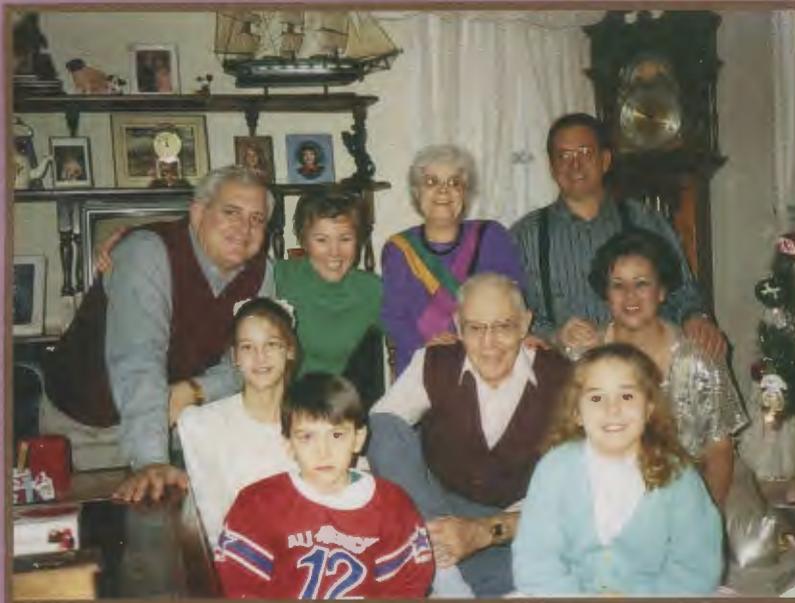

Warmly,
Alyssa

Home

I live on a beautiful street in the suburbs of Michigan, with lots of room to grow and play. Michigan is a beautiful place to grow up, with all four seasons to enjoy. I love to spend the summers at the lake, swimming and having bonfires, and the winters playing in the snow.

I have a furbaby, named Bailey, who is a 6 year old poodle. He loves to play ball in the backyard and cuddle on the couch. We all love to go on afternoon walks!

My mom is my best friend. She currently lives with us and loves being a grandma! They love playing games or just rocking on the porch.

I have a large family in Tennessee that we try to visit as much as possible. It is a beautiful place and we have lots of fun with all the cousins!

My friends are a huge part of my extended family and a big support system. I am an only child and my friends have really become my siblings. They are great Aunt's and Uncle's and I can't imagine life without them!

"I trusted that God knew you, and knew me, and knew when we'd fit perfectly together."

Family

"A family is pieced together with hope and faith.
A family is quilted and bound with love and grace. "

Friends

"It's the moments I spend with you that build the memories which last a lifetime."

It has always been my dream to become a mother. I spent many years focusing on my education and career before starting my family and I felt that adoption was the best option for me. I am so grateful for the amazing women who make adoption possible and for giving me the tremendous responsibility of being a Mother. I am so fortunate to have this incredible experience.

The day they put this little man in my arms was the greatest day of my life. I am so grateful for this little miracle, being a mommy is truly amazing! I am looking forward to growing our family and I can't wait for what the future holds.

MERRY
Christmas

Christmas is my favorite holiday. A magical time of year! Christmas lights, food, music, gifts, family and friends. And of course Santa and his reindeer!

The water is my happy place. I love to take trips for exciting new adventures or just to relax in the sand. I hope to one day pass this excitement on to my children.

life gave me the gift of you. "
